**STONE CHIPPINGS
SELECTION 2026**

20 MM

BLACK BASALT

Bulk Bag £163.50

The perfect gravel for gardens, it resists moss growth and retains its beautiful colour tones for years to come.

This dark grey, nearly black gravel is perfect for drives, footpaths, borders and raised beds.

It is a fish-friendly product, it is also suitable for ornamental water features and fishponds.

DRY

WET

20 MM
BLACK ICE
Bulk Bag £235.00

This attractive decorative gravel will look stunning against any paving and is ideal for paths, drives, garden borders, rockeries and decorative water features.

The unique black and white chippings are perfect to create a contemporary look for any chosen landscaping project.

DRY

WET

20 MM

BLUE SLATE**Bulk Bag £155.70**

Ideal for garden pathways where a flatter, more comfortable walking surface is required. This slate is also used to finish lawn borders, top raised flower beds, or as a mulch to help promote healthy and moist soil for your garden plants.

These chippings are regularly used in ornamental water features and fishponds, so perfectly safe to use near aquatic life.

**DRY****WET**

20 MM

BREEDON BUFF

Bulk Bag £121.25

This stone, quarried in Derbyshire, boasts a beautiful natural appearance that complements both traditional and contemporary designs.

Breedon Buff is a free draining, very hard, angular limestone which doesn't crush down or discolour over time.

DRY

WET

20 MM

FLAMINGO**Bulk Bag £235.00**

This gravel is an attractive blend of peach, pink, white, and bluish-grey stones that deepen in colour when wet. With its natural sparkle in the sunshine, this gravel is one of the most popular choices. Perfect for making a bold statement or brightening up any garden project.

Suitable for gravel driveways, gravel paths, lawn borders and raised flower beds.

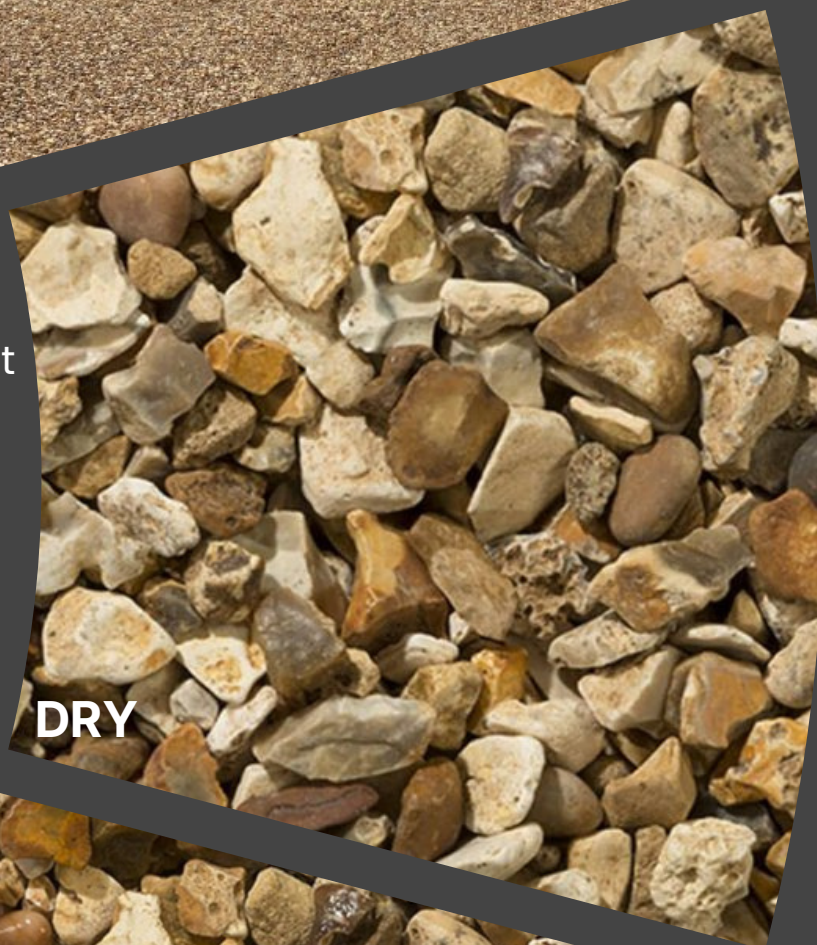

**DRY****WET**

20 MM
GOLDEN FLINT
Bulk Bag £137.50

This gravel is an attractive blend of rich gold, tan and cream colours that create a stylish and contemporary finish.

This gold gravel is extremely popular for garden and landscaping projects, including driveways, paths, rockeries, water features, ponds, and aquatics, or for decorative ground covering.

20 MM

ICE BLUE

Bulk Bag £235.00

Unique pale grey and blue marble gravel that is ideal for darker spaces in either traditional or contemporary designs. Its eye-catching, sparkly finish will reflect the light and brighten the area beautifully.

It is ideal for pathways, drives, garden borders, raised flower beds, decorative rockeries or even as a part of an ornamental water feature, but NOT a fish pond.

DRY

WET

40 MM

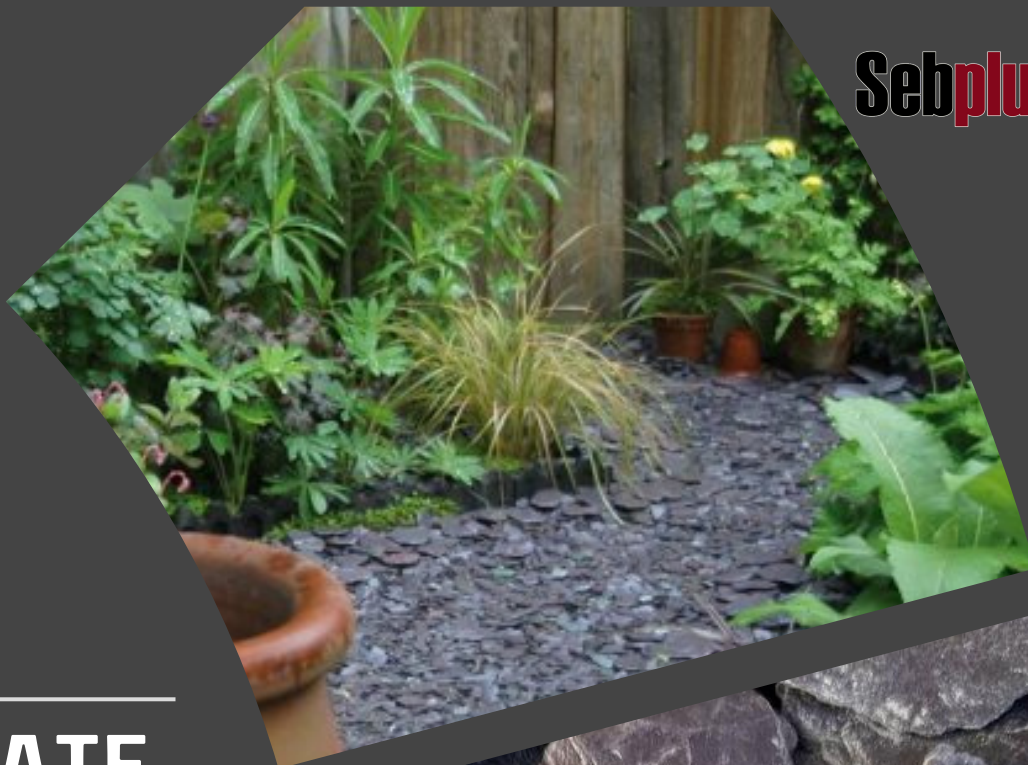

OYSTER PEBBLES

Bulk Bag £222.00

An extremely hardwearing and attractive mix of bluish grey, white, cream and brown colours that will blend well with other aggregates and will work well in both traditional and contemporary designs.

Ideal for general landscaping and rockeries, this fish-friendly gravel also deepens in colour when wet, making it perfect for water features, ponds, and other aquatic settings.

DRY**WET**

40 MM

PLUM SLATE

Bulk Bag £155.70

Ideal for garden pathways, borders, flower beds, rockeries, ornamental water features, fishponds and pot toppers.

Plum slate chippings are also fish-friendly!

Once laid, the smaller pieces will form a mulch bed with the larger and more decorative pieces on display.

DRY

WET

8 - 11 MM

POLAR WHITE**Bulk Bag £274.00**

Stunning angular white marble that shines when wet and sparkles in the sunshine. It can brighten up any dark or shaded areas.

Ideal uses for this product include borders, paths, rockeries and water features. It is a perfect contrast to red and black aggregates or slate products and adds a contemporary look to any garden.

DRY**WET**

20 - 40 MM

WHITE PEBBLES

Bulk Bag £287.00

These pebbles have a natural sparkle in the sunshine and will brighten up any garden area.

Ideal for use in borders, raised beds, rockeries and ornamental water features.

They are an attractive marble product that slightly darkens when wet.

20 MM

SOLENT GOLD

Bulk Bag £137.50

Solent Gold is similar to Golden Flint but with a much larger content of golden flint that adds just that little bit more to your garden or driveway.

This versatile gravel is ideal for spreading over borders and around plants, helping to retain moisture and support healthy growth. It's also commonly used on driveways, brightening up any garden with its vibrant appearance.

SPRUCE BARK

Bulk Bag £118.00

Natural mulch made from the bark of spruce trees. These chippings help retain soil moisture, suppress weed growth, and regulate soil temperature. Over time, they break down and enrich the soil with organic matter.

Spruce bark chippings offer a neat, natural appearance, making them ideal for flower beds, borders, and pathways.

20 MM
WHITE LIMESTONE
Bulk Bag £105.00

This attractive pale grey / white angular gravel is an economical product ideal for brightening paths, drives and landscapes.

Ideally sized for drives and a comfortable walking surface.

DRY

WET

20 MM
YORKSHIRE CREAM
Bulk Bag £131.00

Hardwearing mixture of round and angular flint shingle stones. This attractive mix of pale cream, buff, light brown and grey, with a hint of yellow, will brighten up any landscaping project.

Uses include paths, drives, decorative garden borders, raised beds, rockeries, water features and fishponds.
